Att. Brad Fisher.

As per our telecon , please note the following:

1. Victor and I have discussed various aspects of cooperation with yourselves regarding Afghanistan, the main area being support of the group opposing the Taliban regime as well as collecting information on O and his people .
2. We have very good relationships with the group headed by the late Gen.Massoud who was a personal friend of Victor's also, this group as probably known to you is capable of achieving a lot against the Taliban given the right support, logistics and guidance.
3. The other contacts with whom we have a working relationship are; President Rabbani, Waleed Massoud (was ambassador to London), Minister Abdul Kanoni, Dr. Abdullah (in charge if Transport), Haji Mohaqiq (Min. of Interior), Gen.Abdul R. Dustum,Karim Khalili, & various other people who are continuing the war against the Taliban .
4. We could make the necessary arrangements thru Dushanbe & Iran for logistical purposes.
5. We have inroads to people in Pakistan who were working with organisations such as the ISA in Pakistan & providing logistical support & doing business with the Taliban & people dealing with O's group. This is very sensitive but is possible. We also can get a lot of Info from Dushanbe.

I believe that we can move very quickly should it be necessary, & more can be discussed when we meet if this is of interest to you.

Regards

S
